

JAPANESE GENUINE ORGANIC GREEN TEA

Our teas are made from 100% fresh, high-quality tea leaves grown without pesticides on Yellow Ribbon Medal of Honor farms.

We are committed to providing the world with luxurious Japanese tea, packaged exclusively with plant-derived, biodegradable filters that are friendly to both people and the planet.

OUR PRODUCT

This organic, decaffeinated green tea has had all caffeine removed, yet it retains its natural sweetness and flavor.

Only the finest tea leaves—grown without pesticides or chemical fertilizers—are carefully hand-picked. The entire decaffeination process is also done by hand.

This tea is suitable for pregnant and nursing mothers, babies, children, and the elderly. It's a safe choice for anyone concerned about caffeine.

We hope you'll give it a try!
